

My dad came into my room holding his bag/hat/cap  
I knew he was leaving/going/crying,  
he sat on my bed told me some stories/facts/lies, son.

I have a truth/beauty/duty, calling on me  
You and your mother/brother/sister be brave my little soldier  
And don't like/forget/want all I told ya  
You're the man/boss/mister of the house now remember this  
And when you wake up in the morning give ya momma a kiss/hug/wink  
Then I had to say goodbye

In the morning woke momma with a kiss on each cheek/eyeball/eyelid,  
Even though I'm just/only/still a kid  
Certain/Sure/Some things can't be hid  
Momma grabbed me  
Held me like I was made of dust/ice/gold  
But had/knew/left her inner stories untold  
I said, momma it will be alright/OK/fine  
When daddy comes home, today/tonight/tomorrow

### CHORUS

Whether wrong/long/far range weapon or suicide bomber  
Wicked heart/sight/mind is a weapon of mass destruction  
Whether you're soar away run/fun/sun or BBC 1  
Misinformation is a weapon of mass destruction  
You could [be] a Caucasian or a poor/sore/sure Asian  
Racism is a weapon of mass destruction  
Whether inflation or globalization  
Hate/Fear/Greed is a weapon of mass destruction

Whether Halliburton or Enron or anyone  
Lies/Greed/Death is a weapon of mass destruction  
We need to get/find/have courage, overcome  
Inaction is a weapon of mass destruction

My tale/story/life stops here, let's be clear  
This situation/scenario/incident is happening everywhere  
And you ain't going to heaven/nirvana/hell or farvana  
You're coming straight/right/quick back here to live out your karma  
With even more problems/drama/fear than previously, seriously  
Just how many days/years/centuries have we been  
waiting for someone else to make us free  
And we refuse/on't/can't to see  
That people abroad/overseas/away suffer just like we  
Bad government/leadership/schools and ego's unfettered and free

Who feed on the people they're supposed to need/lead/freed

I don't need good people to pray and stay/fight/wait

For the lord to make it all straight/right/light

There's only now, do it right.

Cause I don't want your daddy, leaving here/home/now tonight

**Match the following words and phrases found in the song to their synonyms (according to the meaning used in the song)**
